Education

Computer Science Engineering degree
2021 - 2024
Université de Technologie de Compiègne
Compiègne, France

- Developped a more in-depth understanding of Computer Science theory
- Learned new theoretical tools such as Constraint programming, Linear programming
- Focused on embedded systems, software development, and cyber-security

Technical University diploma in Computer Science
2019 - 2021
IUT of La Rochelle
La Rochelle, France

- Specialised in systems programming
- Learned kernel programming, POSIX, Assembly, 3D graphics, Drivers
- Focused on C/C++ and Java development
